Ergonomic design with hygiene at heart

Electrolux Professional

Explore the NEW Evolution opportunities!

Electrolux Professional is the global expert in linen hygiene and leader in barrier laundry solutions. Everything developed with customer insight from healthcare professionals.

Sometimes ground-breaking ideas are just a matter of our technical experts taking the right steps in development. By listening to your professional experience and requests for 100% hygiene. By understanding why ergonomics mean so much to you. By working out the best way to save you money and maximise reliability.

'The most important step of all: responding to your needs.'

Unique Excellence from initial planning to final installation

We fine-tune every detail to give your laundry the right professional finish.

Best flexibility with reversible doors

- Simple direction changes in cramped spaces
- Can be reversed on site in more compact laundries

Quickly operational thanks to a clever design

- All 3 capacities can be handled with a standard forklift
- Designed for quickest replacements

Maximum safety and serviceability thanks to a design with engineer in mind

- Large and easy access to vital functions
- Clear and logical architecture
