

Electrolux High-Spin “H” Washers Soft-Mount 450 G-force Coin/Card

**At 450G, your customers can wash and dry in less than an hour.
You'll save energy and up to 30% on water – automatically.**

Electrolux Professional 450 G-Force high-speed extraction washers minimize drying time and provide significant electrical and gas savings. Self-service laundries benefit from faster throughput (freeing up dryers, folding tables and parking spots) which creates higher profits. Your customers can even receive a text message (option) notifying them when their wash is done and ready for unloading! Increase your profits and create customers for life with the unique features of Electrolux Professional washers. Add a row of H-Series washers to your store to boost your profits and lower your operating costs.

Features and Benefits:

- AWS (Automatic Water Savings) - saves up to 30% on water. With every wash cycle, AWS determines the actual weight of the load and adds precisely the right amount of water significantly reducing water consumption and energy costs
- Extremely low water and energy consumption
- Super fast drying
- Convenient four compartment detergent box
- USB in coin box for easy access and programming
- Soft-mount for easy installation on wood floors, upper levels, & over basements
- Heavy-duty construction with robust steel door and lock, hinges set wide apart
- Stainless and galvanized steel in all vital parts for maximum rust protection
- Power Balance ensures the correct extraction and maximum savings in drying time. Minimizes stress on machines for trouble free operation and longer machine life
- Sanitizing Rinse for greater customer satisfaction and additional revenue
- Automatic liquid detergent supply - optional I/O board
- Text messaging - option
- Voice guidance - option

Compass Pro microprocessor offers:

- Large display and one control knob for easy program selection
- More than 20 languages available - Displays two languages simultaneously
- Real time clock for time of day pricing, happy hour pricing and promotions
- Revenue generating quick selection and option buttons for the most frequently used wash programs and options
- Detailed user statistics and programmability

Available in 18, 25, 30, 45, 60 & 75 lb. capacities. Vertical blue wave front panel standard in 18 and 25 lb. models.

Electrolux H-Series models are Energy Star rated up to 45 lb. capacity. They meet strict energy efficiency guidelines set by the EPA & US Department of Energy.

Our larger machines are also designed to save water and energy and achieve impressive Modified Energy Factor (MEF) results.

Designed by experts. Inspired by you.

Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, common-trip, circuit breakers ONLY. Warranty void if not properly installed. Solid-mount machines require a concrete foundation, and are not suitable for upper-floor or above-basement installations. Contact us for more information and for availability of machines for electric services not listed. Specifications subject to change without notice. Laundrylux assumes no responsibility for errors or omissions in this information.

Electrolux Professional Line 5000 The all-in-one business solution for your self-service laundry.

Greatest flexibility with Compass Pro®

- Real-time clock for time of day & happy hour pricing
- Multi-language menu selection
- Text & voice guidance options
- Easy to program, easy to use

Extended lifetime with Power Balance™

- Less maintenance costs
- Less vibration
- Maximum water extraction
- Lower energy costs

Cost savings in water and energy with Automatic Water Savings (AWS)

- Determines load weight and adds precisely the correct amount of water
- Up to 30% water savings - automatically
- Less water to heat
- Reduces water and energy consumption

Please contact your local authorized Electrolux Professional Distributor.
