Thinking of you
Electrolux

Green technology for the lowest utility costs

We know robust is a must for your profitability. With Barrier Technology inspired by Pullman and Power Balance, the revolutionary unbalance detection system designed for optimal water extraction (means savings in drying) and less vibration, our machines are built to last.

Keep an eye on the bottom line! Enjoy huge cost savings in water and energy combined with optimal detergent dosing – thanks to **Integrated Saving System** and **Efficient Dosing System**.

NEW Intelligent efficiency Lowest cost per wash

Give your operators something to smile about. Save them time and energy with the automatic inner drum positioning, an ergonomic Click-and-Pull door handle even larger doors, an ergonomic in user-friendly and optimal working height. The utmost in user-friendliness for more efficiency in your barrier laundry.

NEW Minimised maintenance Maximum reliability

Seek and find hygiene! From small care homes to health-care laundries, trusted barrier intelligence meets the highest hygiene standards with our Compass Pro® Programs and the Hygiene Watchdog® function. Get the family feeling with your Electrolux Dryers!

NEW Outstanding ergonomics

Change now to the new Evolution Range – 18 kg, 25 kg and 35 kg Barrier Washers, with the first ever 18 kg machine – inspired by Pullman. Specially designed to keep your laundry in-house and help you regain full control over quality and hygiene.

Ergonomic design with hygiene at heart

Electrolux Professional

Explore the NEW Evolution opportunities!

Electrolux Professional is the global expert in linen hygiene and leader in barrier laundry solutions. **Everything developed with customer insight from healthcare professionals.**

Sometimes ground-breaking ideas are just a matter of our technical experts taking the right steps in development. By listening to your professional experience and requests for 100% hygiene. By understanding why ergonomics mean so much to you. By working out the best way to save you money and maximise reliability.

'The most important step of all: responding to your needs.'

Unique Excellence from initial planning to final installation

We fine-tune every detail to give your laundry the right professional finish.

Best flexibility with reversible doors

- Simple direction changes in cramped spaces
- Can be reversed on site in more compact laundries

Quickly operational thanks to a clever design

- All 3 capacities can be handled with a standard forklift
- Designed for quickest replacements

Maximum safety and serviceability thanks to a design with engineer in mind

- Large and easy access to vital functions
- Clear and logical architecture
