Electrolux Professional Laundry Equipment.

Maximum water, energy, and time savings, increased productivity, easy programming, and superior wash results—automatically with products by global leader Electrolux.

Electrolux

Electrolux Laundry Solutions

Washers • Dryers • Barrier Washers • Flatwork Ironers

The worldwide experience of hundreds of thousands of successful installations cannot be substituted. With an Electrolux On-Premises Laundry, you benefit from 100 percent control in terms of quality and cost.

- Highest quality wash results, proper detergent usage
- Longer linen life - no overdrying, no scorching
- Rapid return on investment - lowest cost per wash
- Significant savings on water, energy, detergent, and time
- Small footprints – the smallest on the market. Other machine footprints are about 40 percent larger

Electrolux sells more than 60 million products in 150 countries every year.

Electrolux Professional Washers Excellence Inside

Flexibility and customization with Compass Pro on washer and dryer

- Eliminate user error, easy to use
- Up to 50 programs, 15 custom programs
- Real-time clock for automatic start, date and time stamp

Cost savings in water and energy thanks to Automatic Savings (AS)

- Determines load weight and adds precisely the correct amount of water
- Up to 50% water savings for half loads
- Less water to heat saves energy

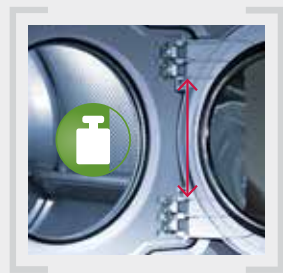

Faster wash cycle with drum Speed Soak

- Shorter wash cycle times
- Speeds up soaking process

Power Balance for longer machine life

- Lower maintenance costs
- Less vibration
- Max water extraction

Built tough to last - extended lifetime

- Robust steel door and lock mechanism
- Hinges set wide apart

External liquid chemical manifold – best in the industry

- Chemicals are diluted in water reservoir
- Improves reliability, operation, and workflow
- Reduces maintenance

Total cost control with Certus Management Information System

- Increased savings
- Higher profitability
- Process validation

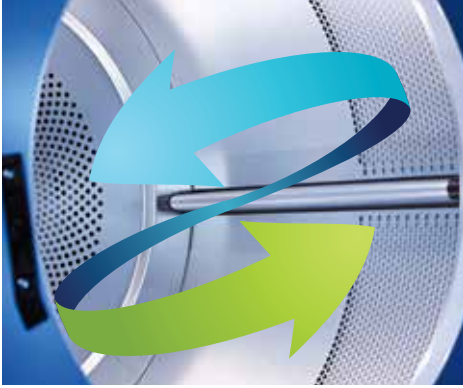

Smart Dosing automatically calculates the correct amount of detergent

- Tangible results in efficiency costs and cleaning results
- Cuts chemical costs
- Customers notice results

More information on LEEDS certifications, specs, and CAD templates are available at www.arcat.com

Electrolux Professional Dryers Excellence Inside

Time and energy savings with Reversing Drum (standard)

- Prevents tangling and wrinkling
- Dries faster, saves energy
- More even drying, no wet spots

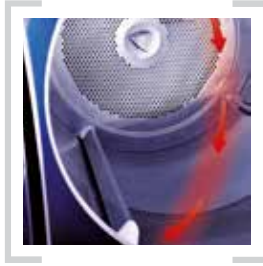

Faster maintenance with the industry's easiest to clean lint screen

- Best ergonomic construction
- No bending or kneeling
- One swipe and you're done

Extended machine life with Advanced Blower Wheel

- Less maintenance
- Less sensitive to lint accumulation

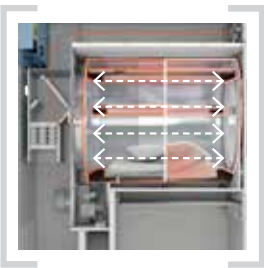

Higher productivity with axial airflow and tighter construction

- Faster dry time
- 25% gas savings

Extended lifetime with Support Rollers

- Improved drum stability
- Longer life of bearings

Best drying results and no overdrying with Residual Moisture Control

- Measures the exact moisture content throughout the whole process
- Enhances finishing
- Energy savings due to shorter drying time

Nothing short of perfect

Electrolux flatwork ironers

Electrolux creates the first “Plug and Play” ironer on the market and makes flatwork ironing accessible.

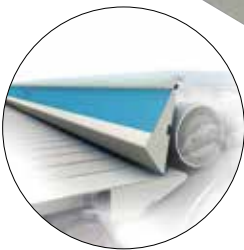

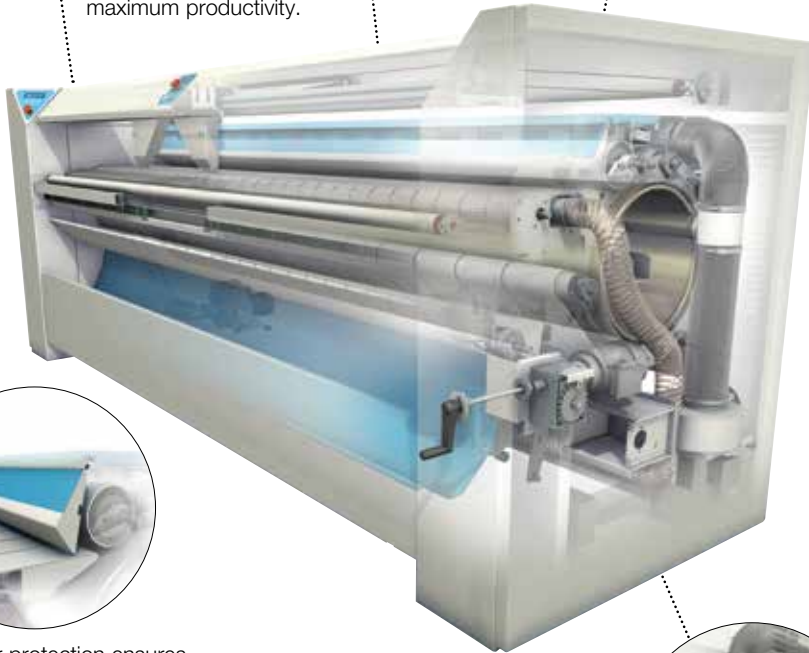

Fully encased machine guarantees maximum workplace safety and maximum productivity.

A heavy padded pressure roll guarantees best ironing quality.

Nomex ironing belts withstand temperatures of over 392°F giving you improved quality and longer machine life.

Finger protection ensures operators' safety.

Safety handle for use in the event of power failure ensures protection of your linen, machine and operators.

A frequency-controlled motor optimizes speed and productivity.

Fully ducted exhausts for a safe, healthy work place and greater performance.

Electrolux's approach to sustainability

Developing smarter, more accessible, resource-efficient solutions that meet people's needs and improve their lives.

Electrolux has been included in the Dow Jones Sustainability Index every year since the index was launched in 1999. This index includes the 10% best-in-class economic, environmental and social performers among the world's 2,500 largest companies.

Electrolux was selected for the GC 100, a new global stock index combining stated commitment to the UNGC ten principles, corporate sustainability as well as baseline financial performance.

Electrolux has received the Gold Class Award by RobecoSAM, an annual rating of the sustainability performance among the world's largest companies.

Electrolux Professional globally-recognized by Plus X with a trio of awards including Most Innovative Brand. Plus X distinguishes innovative and sustainable products that offer additional value.
