LESS | Laundry Equipment Subscription Service

LESS is Laundrylux's premier equipment subscription service that helps businesses with on-premises laundry needs receive the equipment they need with no up-front capital investment.

Who is LESS for?

LESS is ideal for any business with on-premises laundry needs including hospitals, nursing homes, hotels, resorts, spas, restaurants, gyms, dry cleaners, and more. Is equipment downtime interrupting your service? Are you constantly running at capacity? Do you need to replace old, worn-out washers and dryers but have no budget for it? If you answer "yes" to any of these questions, LESS is your ideal solution.

How can LESS help your business?

MAXIMIZE PRODUCTIVITY

State-of-the-art commercial laundry equipment with the latest features will save time, increase your throughput, maximize employee productivity, and delight your customers.

PRESERVE YOUR CAPITAL

Eliminate the need to qualify for financing, avoid high dollar investments, simplify your accounting, and preserve capital for other uses. Move your laundry equipment from a capital expenditure to an operating expense.

LOWER UTILITY COSTS

New energy-efficient machines can significantly lower the cost of your utilities. High-powered water extraction allows for significant moisture reduction before laundry enters the dryer, resulting in faster dry time and lower gas consumption.

GAIN PEACE OF MIND

A single point of contact will manage your entire LESS experience, starting with helping you choose the right mix of equipment. LESS is a customizable program that can include installation, service, parts, and repairs as part of your monthly subscription fee.

How can I get started?

1. DETERMINE ELIGIBILITY

Fill out our contact form and one of our specialists will get back to you. We will quickly determine if LESS is a good fit.
