EXTRA DRY EXTRACTION

REDUCE COSTS, RAISE CUSTOMER SATISFACTION, AND WATCH YOUR PROFITS GROW.

With true spin technology, industry-best water savings, and ultimate programmability, our 200 G force washer is the most advanced machine in its class.

INNOVATIVE TECHNOLOGY

Our true spin technology offers speed in more than a name.

200 G FORCE

High extraction speed leads to shorter dry times and lower energy costs for your laundromat.

POWER BALANCE

Our smart accelerometer keeps your washer in balance and maintains consistent high-speed extraction.

Our water-saving technology saves your profits from being washed away.

AUTOMATIC SAVINGS

AS weighs each load of laundry and introduces the precise volume of water needed for the perfect wash – cutting water bills by up to 50%.

ULTRA FLAT DRAIN VALVE

Other washers waste up to 1 ½ gallons of water every wash. Our ultra flat drain valve helps us save 97% in dead water vs our competitors.

Grow your business with America's easiest control panel.
